# THROAT

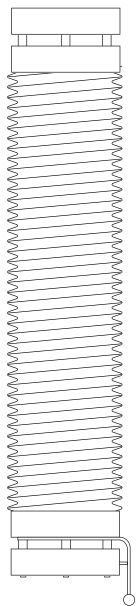

Throat valgustiperekonna lambid on inspireeritud tööstuslikest ventilatsioonitorudest. Valgusti on painduv ja vabalt suunatav. Throat valgustid on kasutatavad nii lae- kui seinavalgustitena, need sobivad nii kodusesse keskkonda kui ühiskondlikesse ruumidesse. Valgusti on saadaval kahes pikkuses.

Throat luminaire family lamps are inspired from industrial ventilation pipes. It is flexible and freely directable. Throat luminaires can be used as ceiling and wall lamps; they suit to home environment as well as public rooms. It is available in two lengths.

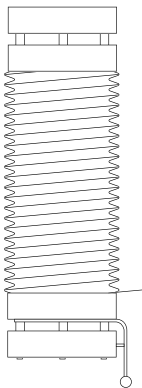

Disainer/Designer: Tarmo Luisk ja Margus Triibmann
